

Advancing His Kingdom 9/27/11

"All members who would like to be part of the Personal Visit team effort where you visit up to three households max and ask for concerns, prayer requests, and feedback about our church should plan on being in the fellowship hall at 6 pm Sunday October 2nd, where we will conduct a personal visit on each other and learn how to do it. Every person in our church is important, and OSELC has a policy of visiting with every member at least once per year. We will talk about being positive, helping everyone identify their gifts and fit in, and making OS relevant in every member's life. All visits will occur from October 9-31, so if you can't make it Sunday, still sign up and we will get you trained! Thanks!"
