

Over the Fence: Living the Love of God... Open Up

There are many kinds of books that tell stories. Books called biographies tell the stories of important people. The Bible a book that tells God's story. When we need to know something about God, it is the story we read. There are also books called journals. They are for writing your own stories in. The pages are blank. There's nothing written in journals. And that's our challenge. We can write down our own story in the journal. Remember this: God has a story and you have a story and those two stories are part of the same story. We're part of God's story. Isn't that great?

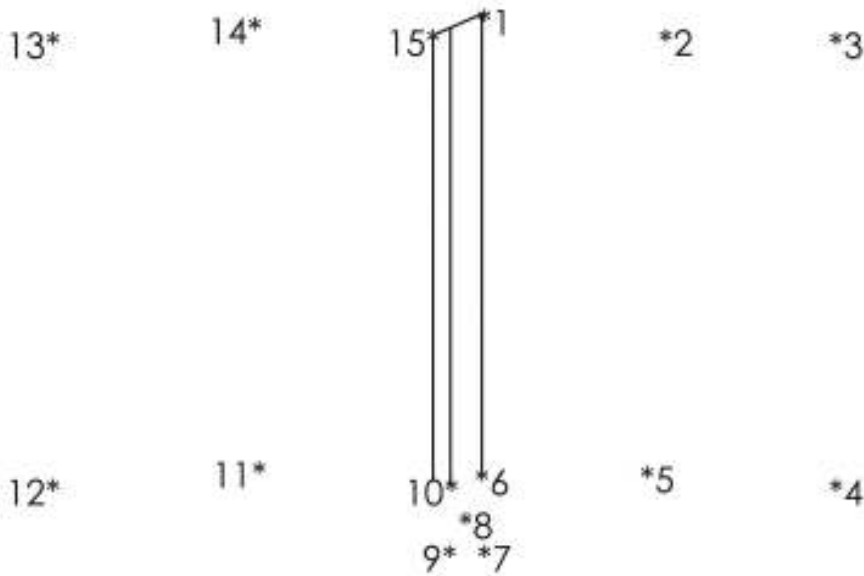

Start your own story and color the story book.

Dear God,

There are lots of stories. We all have our own story. And we all have God's story.

Thank you for:

Including us all in your story, and creating us as unique individuals and giving us our own stories.

Help us to:
